Social Thinking Workshop

SAVE THE DATE!!

Teaching Social Thinking through Stories and Play for Early Learners (4-7 year olds)

Presented by the Social Thinking Training and Speaker's Collaborative (STTCS)

The speaker for this event is from the Social Thinking Trainer and Speaker's Collaborative (STTSC). Social Thinking is not a sponsor of this event.

PCDC is Proud to Present :

Teaching Social Thinking through Stories and Play for Early Learners (4-7 year olds).

This workshop introduces professionals and parents to the many facets of development that underlie social learning in preschool and early elementary aged children. What looks like pure fun to us has important social consequences for the developing mind. The ability to participate in collaborative pretend play depends upon having a flexible brain, competent language ability, self regulation, and solid social emotional development as well the executive function skills to multi-task the use of all of the above!!

This workshop is designed to provide the background as well as practical ways to teach these skills to our early learners.

10 Social Thinking Vocabulary concepts will be introduced and have been specifically adapted for children ages 4-7: Thoughts and Feelings, The Group Plan, Thinking With Your Eyes, Body in the Group, Whole Body Listening, Expected/Unexpected, Smart Guess, Flexible and Stuck Thinking, Size of the Problem, and Sharing an Imagination.

For more information see : www.socialthinking.com

Please join us for this exciting workshop full of new information and practical ideas focusing on the needs of our young learners.
