

Thomas' Snowsuit Lesson

Grade One - Submitted By Janelle Carlson

Our class recently completed a Robert Munsch unit and we loved every minute of it. One of the students' favorite stories was Thomas' Snowsuit! After reading the story we discussed how fast Thomas was able to put on his snowsuit- 2 seconds! I then timed the students getting their stuff on for recess. It took us a bit longer - 1 minute and 15 seconds! While outside, I took the kids' pictures in their snowsuits. They then looked carefully at their picture and did a writing piece describing their own snowsuit! We then did an author's chair with the writing and displayed our writing along with our snowsuit pictures.
